

STAT 021 S22 Final Project Peer Evaluation

John Bohman

TOTAL POINTS

(not graded)

QUESTION 1

1 Evaluation A 5 / 5

QUESTION 2

2 Evaluation B

Your name: Jake Bohman (Better Mangos)

Group scores:

	Self	Person 1 Raya	Person 2 Yasharbek	Person 3 Isabelle
Contributions & Attitude	4	3	3	4
Cooperation with Others	4	3	2	4
Focus, Commitments	4	3	2	4
Team Role Fulfillment	4	4	2	3
Ability to Communicate	3	4	3	4
Accuracy	4	3	3	4
Total points	23	20	15	23

Notes and Comments for Person 1: Raya came to most meetings and did tasks assigned to her, but was often off-task and had a negative attitude sometimes. Her work was well-done except for the poster, which I felt was rushed. She communicated well and always contributed to discussions.

Notes and Comments for Person 2: Yasharbek missed many meetings and to the rest almost always showed up late, often without completing the work assigned to them, causing delays which ultimately led to us cramming the night it was due. Yashar did not offer much help in the project and was off-task often.

Notes and Comments for Person 3: Isabelle was always on-task, kept a positive attitude, and attended most meetings. She demonstrated a good amount of statistical knowledge. She missed a few meetings but always had her part of the work done, and showed genuine interest in the well-being of the project.

Comments for Self: I showed up to every meeting, fulfilled all of my roles on time, and filled in gaps in the work when I could. I feel like I did several things on my own which should have involved the opinions of other group members. I tried to do my best to keep everyone on task.
